Training Program [2021]

National Institute on
Drug Abuse (NIDA)
Clinical Trials Network
Certification [2020]

Objective

As a passionate dentist striving to promote my community's oral health, I decided to pursue dental public health to fulfill my goal of becoming an oral health promoter and researcher. After completing my bachelor's degree in dental surgery, I applied for the Master of Public Health program, which I am currently studying. My next step is to specialize in dental public health and become a dental public health practitioner.

Education

- Master of Public Health at Case Western Reserve University in Cleveland, United States [2022 – present]
- Saudi Commission of Health Specialties License: 21311940 [2022]
- Dental Internship at King Saud University Riyadh, KSA [2021-2022]
- Bachelor of Dental Surgery at King Saud University in Riyadh, Saudi Arabia [2015-2021]

Research Activity
